

WEATHERPROOF, WORRY-PROOF

- ✓ Suitable for all materials; plywood, veneers, MDF, OSB and any wood based boards
- ✓ All-weather and moisture protection for contents and label
- ✓ High quality package – durable in handling, storage and transportation
- ✓ Saving packaging material cost – no need for straps, side or corner covers or bottom pallets
- ✓ Recyclable packing material
- ✓ Fully automatic machine to save labour costs
- ✓ Optional automatic bottom skid feeder
- ✓ Optional package labelling

CM BOARD PACKAGING LINES automatically wrap your boards without straps, saving the cost and trouble of a strapping unit. The unique advantage is that CM packaging lines automatically wrap different sized packages on the same line.

Automatic bottom skid feeding
